

Data Sheet 4540088

Product: SmartSocket Single 16A Plus PW
EI-number: 4540088
Mat.no: EKO09716
EAN: 17020160971606
Packing: 5
Color: Polarwhite

Product description:

The SmartSocket Single 16A is a connected electrical outlet designed to manage and control electrical devices in a convenient and efficient manner. Fully integrated with the ELKO Smart System, the single socket-outlet can be used for a variety of applications including remote ON/OFF, power monitoring, scheduling, automation and much more. The single socket-outlet fits in regular depth wall boxes and does not require any special installation compared to regular socket outlets making it convenient to fit in any kind of new or existing installation.

Control options:

Home control: With ELKO SmartHUB, you can control the electrical devices with the connected single socket-outlet remotely through the ELKO Smart app, wireless switch, automations and moments or through Voice (Amazon Alexa, Google Home).

Direct operation: The socket operation can always be controlled directly through the push button on the device.

Functions:

The SmartSocket Single 16A offers much more than a normal socket outlet when used with the ELKO Smart app including:

- ? Switching devices ON/ OFF, and checking the status from the socket or remotely via app.
- ? Setting a timer or a schedule (via app).
- ? Monitor and control energy consumption of connected loads with a high level of accuracy (1% for loads > 25 W) via app.
- ? Creating moments and automation with other ELKO Smart Home products.

Technical specifications: Nominal voltage: AC 230 V ~, 50 Hz
Standby: max. 0.4 W
Fuse protection: 16 A miniature circuit breaker
Operating frequency: 2405-2480 MHz
Max. radio-frequency power transmitted: < 10 mW
Protection: IP20
Measuring accuracy: $\pm 1\%$ for loads >25 W
Communication protocol: Zigbee 3.0 certified
