

Data Sheet 1427505

Product: 1.5 Elevated Frame ELKO Plus PH
El-number: 1427505
Mat.no: EKO07068
EAN: 7020160706812
Packing: 10
Color:

Product description: ELKO PLUS low double socket outlet is designed to be as low as possible on the wall and that requires a newly developed 1,5 ovale wall box. If this low double socket outlet has to be fixed into an ordinary round wall box, it is required then to use a special surface house for this purpose. This system is very useful by renovation/modernising or at projects where the 1,5 wall box not is fixed in the wall along the floor. It is also practical to use the surface house when a flush installation system is changed into surface mounted fixing, whether a 1,5 ovale wall - or a standard round box is used.

Technical specifications: ELKO Plus
Height: 14mm
Halogenfree
Color: Polarwhite
