Product: LED DL focus 7W warm Alu
EI-number: 3088276
Mat.no: EKO06974
EAN: 7020160697417
Packing: 1
Color:

Product description: ELKO Bright Focus warmdim is a fixed lowprofile downlight with a high luminous efficacy. The enclosure on the downlight gives the possibility to install the downlight directly in isolation, without a downlightsbox. The 34mm lowprofile makes it possible to install in 1 beam ceilings. With a diameter of 73mm makes it very versatile in refurbishing, if you want to replace old downlightinstallations with a smaller diameter than 83mm. The LED driver is specially adapted to the ELKO 315GLE dimmer for low brithness levels. Delivered in Polarwhite, Aluminium and Black
